We're here for you.

Legacy Giving

Legacy Giving is a reflection on how you want to be remembered – in your community, your family and your work. Legacy giving is the planning of your most significant charitable gift – no matter the size – that will memorialize your philanthropic values while balancing your family commitments and financial needs.

You likely have plans for your next vacation, for your health and plans to ensure that your family is protected. Having a financial plan is just as important; you can plan ahead to pay less tax on your estate and leave more wealth for the people and charitable causes that you love – like your local hospital.

There are many options for planned gifts. The most common are bequests, gift annuities and life insurance, however stock and securities, RRSP's, real estate and personal property are other alternatives. When you give for the future you are leaving a legacy – an echo of your values and commitment to support health care in Campbell River and North Vancouver Island. Ask your financial advisor what is best for you.

The Campbell River Hospital Foundation was established in 1989 as the fundraising and community liaison arm of the Campbell River Hospital. In 1999 the Foundation expanded its mandate to include the Yucalta Lodge multi-level care facility.

The Campbell River Hospital Foundation is a registered charity dedicated to raising funds to support our hospital and Yucalta Lodge through equipment purchase, staff education and capital projects that help enhance the service and treatment of patients and residents.

Why give to the Campbell River Hospital Foundation?

Because you care and because we care. Your children were born here, a grandparent lives here and your friend's life was saved here. We understand that often we forget the impact health care has on our lives unless we are in the center of a crisis.

The foundation makes a profound difference in the health care of Campbell River. We believe in our hospital, our doctors, our medical staff and all staff that makes our hospital a caring place.

Did you know...

Our Campbell River Hospital touches the lives of more than 54,000 people in our community and the North Island. On average, each year there are:

- 27,000 emergency visits
- 400 babies born
- 35,000 x-rays
- 4,600 mammograms
- 13,000 ultrasounds

How to Give

In Campbell River and on the North Island, the tradition of supporting health care through donations to the Hospital Foundation is firmly established. You are a key player in the future and quality of health care in our local hospital. When you give, your generous efforts come back to you.

There are many ways that you can help the Campbell River Hospital Foundation purchase equipment, support nurses' education, improve facilities and enhance patient and resident care at our hospital and Yucalta Lodge.

There are four easy ways that you can make a difference for our Hospital:

1. Go to our website www.crhospitalfoundation.ca and go to the "How To Give" tab. Click the button to make a secure, on-line donation to the Campbell River Hospital Foundation using CanadaHelps.org. CanadaHelps.org is a registered non-profit organization that facilitates secure, on-line donations for charities.
2. Complete our general donation form and envelope attached and send it by mail.
3. Fax the completed form to our office at **250-830-6959**
4. Telephone our office at **250-830-6958**

All donations, large or small, make a difference and every donation is gratefully received. There are several ways that you can help. Please the one you prefer.
